

NATIONAL SCIENCE WEEK COLLABORATION DAY

14 AUGUST 2023

INNOVATION: POWERING OUR FUTURE INDUSTRIES

# HOW CAN WE INNOVATE TO REDUCE THE IMPACTS OF PLASTIC IN OUR ENVIRONMENT?

To celebrate National Science Week, Evelyn Scott School will hold a school wide competition!

Learners will design and innovate ways we could reduce the impacts of plastic in our environment. Submitted designs and innovations will be judged by Jackie and school executives.

The winning designs will be displayed in the library.
