Dear Families,

As we embark on another exciting academic year at Evelyn Scott School, we would like to express our gratitude for your continued support in fostering a vibrant learning environment.

At Evelyn Scott School we are committed to providing a comprehensive and engaging curriculum that caters to the diverse needs and interests of our learners. To enhance the educational experience, we are reaching out to families for subject contributions that will directly benefit the learners in the Senior Campus. We provide a variety of engaging subjects including metal and wood technology, visual art, photography, technology design, food technology, outdoor education, strength and conditioning, fashion and textiles, ceramics and science.

Subject contributions play a crucial role in supplementing our resources and consumables, allowing us to provide high quality materials, updated technology resources, and innovative teaching aids that align with the curriculum requirements. Your support will help create an enriched learning environment that fosters curiosity, creativity, and a love for learning.

To facilitate this, we kindly request a voluntary subject contribution of **\$180.00 per Learner**.

This contribution will go directly towards enhancing the learning experience for all learners. Please note that this contribution is voluntary, and we appreciate any support you can provide.

Your partnership with Evelyn Scott School is invaluable, and we are grateful for your ongoing commitment to your child's education. Together, we can ensure that every learner receives the best possible learning experience.

Thank you for considering our request. We look forward to another successful academic year.

Sincerely,

Jackie Vaughan
