

2023 ICAS Competitions

Dear Evelyn Scott School Families,

We are very happy to announce that in Term 3 we are providing learners from Years 2 to 10 with the opportunity to participate in the range of ICAS Competitions.

ICAS is an opportunity for learners to test and extend their application of knowledge in the fields of Digital Technology, Writing, English, Science, Spelling and Mathematics. To find out more about ICAS and their tests, please view their webpage here: www.icasassessments.com/products-icas/

Families may enter their child into as many or as few of the competitions that relate to the appropriate school year as they like. Please be aware that there is a cost attached to each test, to be paid at the time of entry. ICAS is currently offering a promotion that if you buy entry to 3 tests, you are eligible for 1 free entry.

These activities will happen across weeks 4 to 7 of Term 3 (please see the timetable below for the testing period for each subject). To register, please follow the parent page link below, and then enter our school access code. Follow the online instructions to then enter your child into the appropriate tests. Before entering your child's details, please take some time to read through the attached Privacy Collection Statement provided by the organisers of the ICAS test.

Access details for parents

Parent page link: <https://shop.icasassessments.com/pages/pps>

School access code: **JWD307**

Please see the table below for the test dates that apply for your child.
